Summary

Entrepreneur, pilot, and technical leader with experience across aerospace, software, government contracting, industrial engineering, and real estate. Co-Founder of Flash Biometrics (1M+ users in six months). Demonstrated strengths in applied mathematics, systems engineering, and aviation management. Currently completing a BA in Economics at Claremont McKenna College with plans to pursue a BS+MS in Mechanical Engineering.

Education

Claremont McKenna College (CMC) — B.A. in Economics

Jan 2020 — May 2026

- GPA: 3.74

- 3+2 Engineering/Economics Program

- Coursework includes: Advanced Laboratory in Physics, Linear Algebra, Modern Computational Physics, Hazardous Waste & Toxic Substances Policy

Experience

Co-Founder — Flash Biometrics

Feb 2025 — Present | Las Vegas, NV

- Built a lightning-fast facial verification platform scaling to **1,000,000+ users** within six months across mobile and web.

- Responsible for engineering direction, product strategy, and deployment.

Vice President of Business Development — Graffiti Protective Coatings, Inc.

May 2020 — Present | Phoenix, AZ

- Lead growth initiatives at one of the nation's largest graffiti abatement and industrial maintenance firms.
- Expertise in industrial coatings, electrical & instrumentation engineering, and municipal contracting.

Vice President of Business Strategy — American Graffiti Inc. Oct 2020 — Present | Las Vegas, NV

- Manage strategy, public-sector contracting, and technical operations for surface protection and abatement.

Co-Owner — Neilluke LLC (Real Estate Investment)

Jan 2021 — Present | Las Vegas, NV

- Own & manage a diversified real-estate portfolio of 50+ properties.
- Focus on long-term holdings and short-term investment opportunities.

Owner — Lenhoff Aeronautical Services Jan 2022 — Present | Tucson, AZ

- Operate as a Commercial & Instrument Pilot under 14 CFR §61.133.
- Provide aviation services, logistics, and aircraft maintenance oversight.

Advisor — Zorts Sports

Mar 2020 — Present | Las Vegas, NV

- Advised the board of a youth sports platform used by NFL-affiliated organizations.

Advisor — APP-ORDER, LLC

Sep 2020 — Present | Las Vegas, NV

- Advise municipal software platform serving state and federal government programs.

Volunteer Pilot — Pilots N Paws

Sep 2023 — Present | Tucson, AZ

- Fly rescued animals to shelters/adoption centers nationwide.

Horseback Tour Guide — Sunset Ranch Hollywood

Aug 2025 — Present | Los Angeles, CA

- Lead guided horseback tours to the Hollywood Sign.

Licenses & Certifications

- **Commercial Pilot (CP)** — FAA (Dec 2021)
 - **Instrument Pilot (IP)** — FAA (May 2023)
 - **US Government Contractor** — US Department of War (Apr 2023)
 - **Roadway Worker Protection (RWP)** — North County Transit (Mar 2023)
 - **Aerial Lift Specialist** — OSHA (Jul 2021)
 - **OSHA Outreach Training** — OSHA (Feb 2021)
 - **Class C Driver's License** — CA DMV (Sep 2016)
-

Technical Skills

Programming & Software:

R, Python, MATLAB, Maple, Mathematica

Engineering & Technical Ops:

Electrical & Instrumentation Engineering (EIE), Mechanical/Electrical/Plumbing (MEP), Aircraft Maintenance, Industrial Painting

Aviation:

Commercial Pilot · Instrument Rated · Fixed-Wing · Rotary-Wing · Aviation Management

Additional Skills

Languages:

- English — Native
- Spanish — Full Professional Proficiency
- Italian — Limited Working Proficiency
- Hawaiian ('Ōlelo Hawai'i) — Elementary Proficiency

Coursework Highlights:

- Advanced Lab in Physics (PHYS109L)
- Modern Physics with Computational Applications (PHYS035)
- Linear Algebra (MATH060)
- Hazardous Waste & Toxic Substances Policy (EA094)
